

MABEL TRASK BEATS ST. FRISCO IN RACE

Mare Turns Tables on Pittsburgh Winner and Establishes Five-Heat Record

(By Review Leased Wire)
COLUMBUS, O., Aug. 17.—Mabel Trask, beaten by St. Frisco last week at Pittsburgh, won from him this afternoon in the five heat battle for the Athletic Club of Columbus, \$5,000 stake. The race brought a new world's record for a five heat trot, the best previous time for such an event having been made in Columbus in 1911 in a contest that Brace Girdle won after Billy Burke had taken the first heat, and Hall Worthy the second.

Unsteadiness of Mabel Trask gave St. Frisco, each of the first two heats without vigorous finishes. The Cox Mare, a slight favorite over the Geers horse, had a two length lead near the end of the first mile but surrendered it by a break. When near the close of the second heat she broke when she charged by St. Frisco but eased to within 2:03 1/4, the fastest time made anywhere this season.

Mabel Trask in each of the next three heats never showed an inclination to do anything but trot. Donna Clay was an odds on favorite for the Buckeye Lake Yacht Club's \$3,000 stake and she took the race in straight heats, each of the last two being trotted at her record, 2:06 1/4.

PITTSBURG, Aug. 17.—Brooklyn defeated Pittsburg by a score of 5 to 1 here today. Mannix started for the Pirates but was hit hard in the fourth and was relieved by Evans at the end of that inning.

WILLIS DAVIS, TENNIS "BULLET," IS LATEST COURT STAR FROM COAST

Willis E. Davis, California tennis star, playing his first season in eastern tournaments has won the national claycourt title and most every other 'courney' he has had part in. Paired with George Church he is winning doubles titles and his wonderful hard hitting style and brilliant service have amazed the many galleries who have seen him play. Last winter he was a freshman at Pennsylvania.

REVIEW CARRIER BOY IS NOW DIRECTOR FOR GRIFFITH FINE ARTS

Ray Myers, Raised in Bisbee, Returns to Look Over Ground With Possibility of Bringing Film Co. Here.

Ray Myers director of the Fine Arts studio for the D. W. Griffith combination, and former Bisbee boy, may be able to bring one of the several producing companies with which he is now engaged to the scene of his youth—the Warren District. Myers is spending a week in this section looking over the possibilities of producing some pictures here and will take back his report to his people when he goes.

Ray Myers is a Bisbee boy. He was, practically, raised here. His father at one time was division superintendent in the local mines. Myers speaks proudly of his first job—that of carrying Reviews.

Since leaving Bisbee Myers has been residing in the state of California. He has been following the motion picture game for the past seven years and it might be said that he is with the leading producers of the entire country. Prior to the organization of the now-famous Triangle program Myers played leads with the Reliance company. When the Triangle program was organized, with Griffiths as its leading spirit, Myers was made a director for the company. "I have been thinking," declared Myers last evening, "for several years of the immense possibilities in this

C. WEDIG DECLARES PENN'S THICK IS BEST

Prominent Bisbee Blacksmith Praises Famous Plug Tobacco

Men who know tobacco chew Penn's Thick for the genuine enjoyment it gives them. One of these is C. Wedig, prominent blacksmith of Bisbee, Ariz., and what he says is worth reading. Here is his statement:
"PENN'S THICK is the best chewing tobacco I have ever used. The flavor is wonderfully rich and I have always found every plug to be all tobacco. I am glad to recommend it to any tobacco chewer as it is the only chewing tobacco I have used for three years."

Penn's Thick is made only of mild, tender, sun-ripened White Burley leaf. The luscious juices are pressed evenly through the whole plug, so that every chew of Penn's Thick gives you lasting comfort and pleasure.
If for any reason Penn's Thick does not exactly suit you, take it back—your dealer is authorized to refund your money. Get a tin cut to-day and try Penn's Thick—the most delicious of chews.

section for scenic effects in motion pictures. After mature deliberation with myself I am convinced that some wonderful stories could be filmed with Bisbee and other points, in this locality, as the background.

"I am now endeavoring to locate just exactly the possibilities. The camp has changed a great deal since I was a kid here. But the hills are just the same and the possibilities have been enlarged instead of diminished."

The director will go to Douglas this afternoon and consult with several people there. He expects to return to the District tonight or Saturday morning and will return to Los Angeles Saturday night.

The possibility of the advent of a big motion picture company in this

section is great. Such an enterprise, unlike many which have been proposed, will give the District much good advertising and will mean a considerable boost along business lines.

SURVEY DIRECT ROUTE.

(By Review Leased Wire)
PRESCOTT, Ariz., Aug. 15.—Survey and estimate of the proposed direct route from Prescott to Jerome has been ordered by the Yavapai county board of supervisors following the filing of petitions by business men and property owners of both cities. The new road, which will reduce the distance between Prescott and Jerome to thirty miles, will cost, it is estimated, about \$70,000. The present route is over sixty-five miles.
